

The \$14,845,000 Unlimited Tax Road Bonds – Series 2013, were issued (i) for the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout the County, including participating in the cost of joint projects with various state, city and regional council of government entities; and (ii) to pay costs of issuance associated with the sale of the bonds. Principal maturities will begin in February 2015 and occur annually beginning in February 2017. Interest payments will occur semi-annually in February and August with a range of 3.00%-4.00%. The final principal and interest payment is due February 2033.

The \$7,370,000 Permanent Improvement Refunding Bond – Series 2015 were issued for the purpose of (i) refunding the Series 2007 Permanent Improvement Limited Tax Notes and (ii) paying the costs of issuing the bonds. Principal maturities will occur annually beginning in February 2017. Interest payments will occur semi-annually in February and August at 2.010%. The final principal and interest payment is due February 2027. As a result, the refunded notes are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The net carrying amount of the old debt exceed the reacquisition price by \$189,111. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is the same as the life of the net debt issued. The refunding was undertaken to reduce future debt service payments. The refunding transaction resulted in a reduction of \$776,065 in the County's aggregate future debt service payments, and an economic gain to the County of \$678,101.

As of September 30, 2016, \$7,100,000 of the debt is considered defeased.
